

Food will not make
your kids behave

Food will not
make your spouse
stop being an ass

Food will not
get you out of
the office
sooner

Food
will not
put
more
money
in your
bank
account

Food will not find
you a new job

Food will not
bring military
personnel home

Food will not
make that sick
relative better

Food will not
fix a broken
relationship

Are You Using Food To Make Things All Better?
